IRISH LABOR SITUATION IS CRITICAL--WILL STRIKE FOR DEMANDS THAT CANNOT BE MET

(By Associated Press)

London, March 13.—Prominence is given by the Mail to a Dublin dispatch representing the situation in Ireland as extremely bad, and maintaining that the need of effective self government is more urgent than ever before. "Now that the Sinn Fein members of the House of Commons have been removed," there will be a new assembly

of the Irish parliament which will probably be a very troublesome member without an authoritative administration to balance its activities. Labor troubles of greatest import are growing and it is impossible for the British government to handle them. There is barely a section of Irish labor which is not preparing or threatening to strike for demands which no employers can possibly grant."

CHAMP CLARK DENIES STATEMENT THAT LEAGUE HAS NO CHANCE OF PASSING NEXT U. S. SENATE

(By Associated Press)

Atlanta, Ga., March 13.—Champ Clark in a signed statement given out here denies that he said the league of nations had no chance of being ratified by the United States Senate. "Anybody who says that I said President Wilson's League of Nations has

as much chance of being ratified as you have of being Pope of Rome is a malcontent," Mr. Clark declared. "I have studiously avoided discussion in my lectures and in interviews, though asked to do so both. When I have had time to study the subject in all its bearings I probably will give full expression of my views."

THE NEW LINES OF SPRING AND SUMMER

UNDERWEAR

Quality, as ever, has been the watchword in the selection of these lines. The selected yarns of best, long-staple cotton gives strength and durability to the garment, while every bit of trimming, buttons, braids, crocheting, must equal the yarns in calibre. Then there's the quality of fit that comes only from expert designing and perfect tailoring. All these seem little things, but you will appreciate the value in the added comfort and ease of the garments we sell. There's a price advantage, too, due to extremely early buying.

SWEDEN WOULD NOT HAVE KAISER

(By Associated Press)

Washington, March 13.—William H. Hohenzollern two months before his armistice was signed, planned an asylum in Sweden but was prevented from going to that country by the Swedish government, diplomatic advisers made public today. His plans had reached the point where a deal was actually closed for him to rent a castle on one of the large lakes in the center of Sweden. When the Swedish government learned the purpose to which the castle was to be put, representations were made and William Hohenzollern changed his plans.

LOYAL TROOPS DRIVE REBELS FROM BERLIN

(By Associated Press)

Berlin, Wednesday, March 13.—Spartan forces under pressure from government troops, using artillery and rifle throwers, were abandoning their positions in Lichterberg this morning. The government troops took a large number of prisoners, many of whom were executed summarily.

The occupation of the district, the message states, was systematically carried out by the government troops. Considerable quantities of arms were captured. Losses on the government side are declared not to have been heavy. "The brutal acts of cruelty by the Spartacists have been fully confirmed" the message adds.

JACK JOHNSON SAYS WILLARD PAID HIM TO LOSE CHAMPIONSHIP IN HAVANA FIGHT FOUR YEARS AGO

(By Associated Press)

Havana, March 13.—Jack Johnson, formerly heavyweight champion, in a signed statement tonight declared that his fight with Jess Willard in this city four years ago was a pre-arranged affair and that he allowed Willard to win. In addition to the sum of \$90,000, Johnson says he received the entire rights to the fight ring in Europe and 32 1-3 percent of the proceeds from their exhibition in the United States with the promise of aid to settle his difficulties with the Federal authorities in Chicago. He declares that it was arranged that he should lose in the 10th round provided Willard's showing was such as to justify it, but that as Willard was doing practically nothing he was forced to walk. The signal agreed upon was given in the 20th round, Johnson states, but he waited until the 26th round to give Willard an opportunity to make a good showing. Johnson declares that unless Willard agrees to fight him within a reasonable time, he will claim the world's title. He signed as Jack Johnson, Champion.

Lawrence, Kansas, March 13.—"Jack Johnson simply needs the money," was the comment of Jess Willard when shown the statement received from Havana to-day in which Johnson claims the championship bout with Willard four years ago was a pre-arranged fight. "There is absolutely nothing to it," Willard continued. "I refuse to dignify the statement with a denial for so far as I am concerned it is simply a crude joke."

KIDNEYS WEAKENING? BETTER LOOK OUT!

Kidney and bladder trouble don't disappear of themselves. They grow upon you slowly but steadily, undermining your health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't drive with disease. To avoid future suffering begin treatment with GOLD MEDAL Linoleum Oil Capsules now. Take three or four every day until you feel that you are entirely free from pain.

This well-known preparation has been one of the national remedies of England for centuries. In 1800 the govern-

ment of the Netherlands granted a charter authorizing its use.

The good housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she lovingly calls GOLD MEDAL Linoleum Oil Capsules. Their restorative strength is responsible in a great measure for the sturdy, robust health of the Hollander.

Do not delay. Go to your druggist and insist on his supplying you with a box of GOLD MEDAL Linoleum Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

A Word About LINOLEUM

Did you know that Litholeum of any quality will last three times as long when cemented to the floor? This is a fact, and is advocated by all carpet dealers. A customer is neglectful of his best interests if he does not request it.

We are meeting the popular demand for this class of work and have expert workmen with up-to-date appliances. We can refer you to many examples of our work in Strafford and Rockingham Counties, where large jobs have been handled with efficiency and in competition with the best carpet men in New England.

Let us do your work.

SHARP REDUCTIONS IN YOUR SHOE BILLS

"A constant 'hiker' over all conditions of roads, my shoes were tired on my feet until I discovered Neolin Soles. And, as for wear! Neolin Soles give twice the service of soles I formerly used," writes L. C. Noyes Colinson, Hazelton, Pa.

This long service means sharp reductions in those big shoe bills, for it is because of worn-out soles that most shoes are discarded. Buy Neolin-soled shoes, not only for yourself, but for the whole family, children included. Also, take your old shoes to the repairman and have them rebottomed with Neolin Soles.

Remember—Neolin Soles are waterproof, as well as comfortable and long-wearing. They are created by Science to be all that soles should be, and are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels—guaranteed to outwear all other heels.

Paris, March 13—When the time for the treaty of peace has arrived, it is understood that the German delegates will be housed in one of the palaces of Versailles and will not be permitted to enter Paris, as the French government is unwilling to guarantee protection for the Germans in Paris, with the state of feeling that now exists against them. While the signatories of the treaty will not be prisoners and must not be treated as such, public sentiment is so high in Paris that the government feels that they will not take any chances of any unpleasant occurrence.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and
bowels and they get well
quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle thorough cleansing at once. When crosy, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach abor, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, sneezes and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels, no difference what other treatment is given.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

taken as they were leaving the State: Delighton.

Department of Justice officials at Concord were notified of the arrests. The men were arraigned on the charges of keeping liquor for sale and the cases continued until 2 p.m.

At the adjourned session the cases were not passed on motion of County Solicitor Sherry. The Department of Justice not being represented in court, the respondents were released, and they left at once with their liquors for Portsmouth.

Solicitor Sherry said that the State had no cause to hold the respondents, who claimed that they had come from Boston and had left the train here to go to Portsmouth. A Department of Justice official arrived late in the afternoon.

ENGLAND THINKS IN CAN'T BE ENFORCED

New York, March 12—"The people of England can't believe the people of America will stand for bone dry prohibition. It's like a law to hang a man for jumping over a bridge. You can't enforce it."

This was the view expressed yesterday by a reporter on the arrival here of the steamship Adelante by Orson Barker, playwright and theatrical producer. He has just been released from service as a lieutenant in the British Army and is here for three months on personal business. He does not contemplate putting on a play here.

"Do you mean to say that the entire United States is going bone dry?" demanded Mr. Barker, in a astonished tone. "Well, in England, when we heard of prohibition in America, the people there refused to take it seriously at first. Later, when it became apparent that there was something to these reports the people felt that America never would stand for such a foolish law."

"Not only do I think prohibition, in principle, is a bad thing, but I also think it bad to enact it the way it was done in America, without giving the people a vote in the matter."

There was another alarum who felt a more personal regret about the liquor situation than did Mr. Barker. This was Maj. James Miller of Boston, of the Red Cross. He bought in France 32 bottles of sparkling Burgundy and in England 50 bottles of Scotch.

A customs inspector explained to Maj. Miller that a Federal statute forbids the importation of liquor. Ruefully the major exclaimed: "Well, what shall I do with all this stuff?" The customs man suggested: "Put up a bond, can't you? Send it to some other country. Then you can go to that country to get a drink."

Good News From the Conference.

The Peace Conference is making progress, and in the right direction; if the League of Nations is to insure the world against future wars, or at least to make war as improbable as it is possible to make it.

A dispatch from a Paris correspondent brings the cheering news that the military terms decided upon by the Council of Ten means the utter demobilization of Germany, and her reduction to military impotency. She is to be allowed an army of only 100,000, created by enlistment. This provision was brought about by Premier Lloyd George, who went even further than Marshal Foch, who was willing to allow Germany an army of 200,000, recruited by conscription.

This is a long step toward wiping out militarism on the part of Germany, but it does not end there, according to the correspondent, who says: "The precedent created by the conditions imposed upon the Germanic nations is to be binding on the rest of the world, and this especially is true of conscription. That system has been wiped out, except as a war expedient. Its abolition has been brought about by Premier Lloyd George, supported by the American mission, with France, Italy, and Japan acquiescing after protracted argument."

This important action proves if proof were needed, that the effort to safeguard the world against wars in the future is no vain pretense, no hollow mockery, but is based on the sincere desire to place the nations in a position where they can live in peace and mutual good will.

The whole world is hoping that there may never be another such upheaval as it has just been through; and out of this hope has sprung the proposed League of Nations, which is full of promise in spite of the criticisms that are coming from certain quarters. So far as these criticisms pertain to detail they may well be given a hearing, but there is no room for doubt that well be given a hearing, but there is no room for doubt that some arrangement whereby the possibility of war in the years to come may be reduced to the minimum.

This news from the Conference is highly encouraging and reassuring. It shows that the delegates are in earnest in their work and not disposed to "make a showing" and leave the doors as wide open for war as they were before. With a professed desire for peace backed by practical disarmament among the nations of the world, peace will be assured under all but most exceptional conditions.

It is time for this. The world has been racked by war as never before in its history, and it wants no repetition of the experience. It now proposes to exchange the weapons of barbarism for those of civilization, and it is only to be hoped that the effort will fully meet the expectations of mankind.

The bill reducing the Portsmouth Board of Education from twelve members to six is merciful in that no one receives the "grand bounce," but the superfluous members are to drop off at the expiration of their respective terms. Under such considerate action none can complain of the lack of suitable "notification."

Sir Horace Nunckell of Dublin in Boston the other day created a furor among the friends of the "Irish Republic" by opposing the severance of the ties between England and Ireland. And when he saw what he had done his only comment was that "he didn't expect everybody to agree with him."

Herbert Hoover, who is feeding the world out of Uncle Sam's bread basket, announces that he and some of his assistants will resign in the near future and come home to "earn a living." There are men who, with the hijacking of a \$100,000,000 fund, wouldn't find it necessary to do that.

The distribution of Bolshevik literature in this city the other day came as an unwelcome surprise and opened the eyes of the community to the fact that the propagandists are not idle. The suppression of everything of this sort cannot be too prompt or emphatic.

Towns and cities bemoaning the coming loss of liquor revenues should look to Camden, N. J., which has decided to make its loss good by raising water rates sufficiently to cover it. This is a very simple expedient, provided the people will submit to it.

In Boston the applications for liquor licenses are far below the usual number at this time. Apparently there are many dealers who don't believe the prohibitory law is to be "referendum" out of existence.

It is all right that the Legislature should get down to business, as some of the members are demanding, but let no one imagine that "order" is an unimportant matter in this year of our Lord 1919.

EDITORIAL

COMMENT

Live And Let Live
(From the Springfield Republican)
After his work in making it easier for hundreds of thousands to live at all, Mr. Hoover is certainly entitled to earn his own living. Even a Hoovered living costs money.

Very Likely, If Not Worse
(From the New York Herald)
A Western man is reported as referring to the Internal Tax as "eternal." The man who is in the throes of marking out his income tax blank, however, is more apt to dub it "internal."

The Present Conflict
(From the Pittsburg Leader)
The war was not a conflict between governmental or political ideals. It was a battle between two social ideals. That conflict is still at work. The tumult is worse today than it ever was. This conflict between social ideals is all that remains. If it was not the cause of the nation, if it was not the cause of the war and if it is not the cause of the existing turbulence, what is it? If that is not the obstacle to peace, what is it?

PEOPLE'S OPINIONS

More About That Kittery Vote on League of Nations

Mr. Editor:
I would like to know what right one man and a few of his followers have to introduce a resolution and vote it, and send it to a pair of senators, after the vast of the voters and citizens of the town of Kittery have left the polls?

And I think he should be impeached and the resolution be rejected, unless a motion with the majority of the voters and citizens of said town have their names signed to it, so that we may know who and how many uphold the government of the United States in regard to the League of Nations.

Children Playing in Street

To the Editor:

In speaking of playgrounds for the schools, why do the boys and girls of the Whipple school, play out in the cold when they have a good yard to play in? They also play in front of the neighbors' houses. Do they like the noisy clatter? In my day boys had to play in the school yard and if they were rude to any one on the street, boys are tame and get away with it on account of the so-called Juvenile law. This law should be repealed by the legislature. What do you say, Mr. Editor?

NAVY YARD NOTES

Saying Pleasant Things About Navy Yard

Did Assistant Secretary Roosevelt actually shoot out the Boston yard as the one giving the least trouble to the Department, or was he just playing the game? Portsmouth has for years held that place and it has been so regarded by Secretary Daniels. One thing about the Boston crowd is it keeps its petty jealousies and trouble at home. It has worked and settled all matters at home. There may be something in Mr. Roosevelt's remarks.

WOMAN'S ANKLES HIDDEN, JURY CAN ATTEND TO TRIAL

New York, March 13.—Because Mrs. Betty Ingham was too generous in the display of her ankles to juriesmen who failed a month ago to agree on a verdict in her trial on a charge of extortion, she found the witness stand surrounded by a four-foot board fence when she appeared today in the supreme court for the second hearing of her case.

Although the court and prosecutor professed ignorance for the reason for the erection of the barrier, court at-

tchants recalled a statement of the latter, when the first jury disagreed, that "Mrs. Ingham must not show her ankles to the jurors at the next trial," else he would "ask the court to make her lower her dress."

"What is it, a spite fence?" the comely Mrs. Ingham inquired when she entered the courtroom.

The partition concealed all but her head and shoulders when she took the stand. She is being tried on a charge of extorting \$25 from Eugene P. Herman, president of the Herman Motor Truck company.

BOSTON FEARS SHUT DOWN AT NAVY YARD

Pearing a shut down on June 30th because of the failure of the passage of the naval appropriation bill, the Boston navy yard has requested the assignment of army transports for overhauling and repairs. The Brooklyn yard has 16 army transports for repair. It would appear that Portsmouth should get some of this work. There is much fear of a big closing down July first. Are we prepared?

EXETER

Exeter, March 13.—The \$1,592 appropriated for the celebration of the soldiers and sailors in the recent war, which was voted for at the town meeting Tuesday, will assure a joyous event, and it will likely be about June when all have returned. The committee appointed will at once begin plans for the event. A nearby event is the dance, and reception being planned by the young ladies, and is to be held in the town hall, March 21, unless circumstances compel a later date. Many of the Coast artillery boys are soon to be at Camp Devens and are likely to return to Exeter before March 21.

The number of arrests for intoxication during the past year was but three less than in 1917 when liquor was sold in this state, the figures according to reports of Chief of Police Elvyn A. Bunker being 35 for 1917 and 32 for 1918. The police report of Chief Bunker for the past year being as follows, total number of arrests 57, one less than in 1917 which was 58. Of the total 57, 31 were males and six females and of the number 32 for intoxication, assault three, adultery two, complaint of out of town officers one, driving an automobile without a license one, driving a motor vehicle while intoxicated one, false fire alarms three, larceny five, no registration card one, selling intoxicating liquor one, insure one, setting fire to buildings one, transporting liquor one and vagabond two. This miscellaneous report is properly reported lost or stolen \$3,168 amount recovered \$1,123 bicycles found five doors and whatsoevers found open and locked after 135 and tramps given lodging 75.

FISHERMEN WILL SUBMIT TO LABOR BOARD

(By Associated Press)
Gloucester, Mass., March 13.—Producers and buyers of fish held to represent virtually the entire fish industry here announced today their refusal to submit the demands of the fishermen's union to arbitration in a letter to Henry J. Shillington, of Boston, the Federal mediator. They asserted that the granting of the principal union demands for the establishment of a minimum price on fish would lay them open to prosecution for controlling prices. The producers and buyers have agreed to arbitration by the War Labor Board of certain demands made by marine fishermen, watermen and oyster union, and also those

of the Masters, Mate and Pilots association.

YOKEL DEFEATS DRYDEN IN HARD MATCH

Get First Fall in 1 Hour and 35 Minutes, and 20 Seconds When Dryden is Injured

Mike Yokel the acknowledged mid-weight champion of the United States, and Bill Dryden of this city had a battle royal at Freeman's hall on Wednesday evening, and Yokel stymied a good portion of the time, but accidents are a part of the wrestling game and Yokel caught Bill napping—picked him up with a clutch hold and threw him on his head and by the time Dryden came to, he was pinned

to the mat. He was stunned just enough to make him an easy victim. There is some question about the second fall, as those who are wise to wrestling rules claimed that Dryden was entitled to ten minutes to come back into the ring after a bad fall, and while some were trying to hold him out the referee waved them away and ordered him back into the ring and he was pinned in a second, as he was so badly stunned that he did not know where he was going. It came after a few minutes on the second bout, when Dryden caught Yokel in what looked like a bad leg hold, but they were near the edge of the ring and in the struggle both went out and Dryden went down on his head and shoulders. Yokel's fall was broken as he slid off the ring onto the floor. Dryden was severely injured, and should not have come back into the ring, until his head cleared, but he did and that ended the bout as he was helpless.

It was without any exception the best bout that has been seen here for many years, not so sensational or rough as some, such as the Kilbom match, but for clever and shock full of action. Yokel and Dryden are of the same weight, not a matter of a pound or two either way, and they are both powerful men. Yokel evidently had been well warned about Dryden's ability to get the toe hold and he never for an instant forgot it, on the other hand Yokel had been making a specialty of the hammer lock, a far more punishing hold, but in Dryden he found a man too strong to make any headway. Only once did he look as though he could apply it, but Dryden took his hands and it was all off. Dryden used a headlock with telling effect and Yokel had professed use of an arm bar, but for that matter every hold possible was tried and broken.

Dryden if anything looked the stronger at the end of the 1 hour and 35 minutes time, but the toes he got after such a grueling battle knocked him out and Yokel was quick to seize the opportunity and get him with a full hold.

The story of the second fall has already been told, and Dryden, after wandering about the ring, finally crawled through the ropes completely dazed.

The match demonstrated that the fans will turn out to see the big fellows, for they were all there last evening and from all through this section,

Master cards and novelties are already on sale in local stores who carry that line and it is said there is now a good demand for the game.

The P. A. C. added a half a point to their lead over the Elks on Wednesday evening when they took pitch and half a point on billiards, but lost the bowling to the Elks. There was a good crowd present at the meet which was held at the Elks home and it was followed by a lunch.

The Elks won the bowling match by a good margin, and lost the pitch by just three points, remarkably close. They lost two billiard games both Newick and Mitchell being defeated in close matches.

NORTH CHURCH HAS PARISH RECEPTION

A large number were in attendance at the parish reception of the North Church held Wednesday evening in the chapel on Middle street.

The chapel was effectively decorated with flags of the allied nations. Back of the platform were two American flags and large potted palms on the platform added to the pretty effect. Mrs. T. F. Flanagan had general charge of the decorations.

An informal musical program added to the success of the evening and all enjoyed the pleasing selections. There were selections by the quartette from the U. S. S. South Dakota, violin solo by Mr. Potone, and a vocal duet by Mrs. O. L. Hanscom and Gladys Harris of the U. S. S. South Dakota. Miss St. Clair accompanied the violinist at the piano and Mrs. Hanscom was accompanist for Chaplain Harry.

Popular songs were later rendered by the young people and enlisted men present. Miss Barbara Flanagan presided at the piano.

The serving tables were delightfully set and one beautified with carnations and the other with Jonquils. Assorted cake, fancy wafers, chocolate and coffee were served.

Mrs. James P. Northwick was hostess. The pourers were Mrs. E. L. Cheney, Mrs. Curtis, Miss Walter Page and Miss Gertrude Garland.

CRYSTAL TEMPLE HAVE ENJOYABLE BOX PARTY

Alky-San-Pewabic pottery
Crystal Temple, Pythian Shrine, enjoyed a box party at the conclusion of its regular meeting on Wednesday evening, which was well attended.

Each member brought a box lunch and made it look as inviting as possible. Some of the boxes were especially attractive and brought good prices. George A. Macdonald acted as auctioneer and made considerable fun by his witty remarks. The purchaser of the box found the card enclosed of the person who prepared it, and they shared the lunch together. Coffee was served all by the entertainment committee.

At the next meeting of the Temple on March 26 an inspection will be held. District Deputy Grand Chief Rita B. Dearborn of Belmont, this state, will be present as inspecting officer. At this meeting a class of candidates will be initiated and at the close of the lunch will be served by the escort committee.

Crystal Temple is to serve the Fellowship Lunch on Sunday evening at the Y. M. C. A. for the enlisted men. Miss Richard L. Hannaford will be in general charge.
